TRAINING + PLACEMENT · ONLINE AND BENGALURU

Data Engineering (Azure)

Become an Azure Data Engineer

Build and run production lakehouse pipelines on Azure Data Factory, Databricks and Delta Lake, and get placed as an Azure Data Engineer.

3-month live programme for working professionals (IT and non-IT) and people returning after a career gap

DURATION
3 months, live
Weekday evenings and weekends, alongside your job

FORMAT
Online or classroom
Classroom in HSR Layout, Bengaluru

TARGET SALARY
₹14L–₹35L
For working professionals

PLACEMENT
Support until you're hired
Mock interviews, resume rebuild, referrals

STACK YOU'LL WORK WITH

Python · SQL · Azure Data Factory · Azure Databricks · PySpark · Delta Lake · ADLS Gen2 · Unity Catalog · Azure Synapse · Azure DevOps

YOUR PATH WITH STINT

Profile assessment → Live training → Projects → Mock interviews → **Get placed**

15+
Placed every month

100+
Hiring companies

80%
Average salary hike

ELIGIBILITY 2+ years of work experience, IT or non-IT. Career breaks welcome.

WHAT YOU'LL LEARN

6 modules. Real, job-ready work.

Six live modules that start with Python and SQL for data engineering and take you to owning a governed Databricks lakehouse on Azure, the way data teams run it at work.

01	**Python for data engineering**	Core Python: data types, functions, modules and error handling • Files, JSON, CSV and Parquet; calling REST APIs • pandas for cleaning, joining and reshaping data • Writing reusable, tested pipeline code with pytest and logging
02	**SQL for data engineering**	Joins, GROUP BY, subqueries and CTEs • Window functions: ranking, running totals, de-duplication • Reading query plans, indexes and partition pruning • Data modelling: star schema, slowly changing dimensions
03	**Azure data platform**	Lakehouse design and the medallion architecture • ADLS Gen2: hierarchical namespace, containers, access tiers • Azure Data Factory: pipelines, triggers, metadata-driven loads • Linked services and self-hosted integration runtimes • Key Vault, managed identities and role-based access
04	**Databricks and PySpark**	PySpark DataFrames, partitioning and shuffles • Databricks clusters, notebooks and Workflows • Auto Loader and Structured Streaming • Performance tuning: skew, broadcast joins, caching
05	**Delta Lake and Unity Catalog**	Delta tables: ACID, time travel, MERGE, schema evolution • OPTIMIZE, Z-ordering and VACUUM • Unity Catalog: catalogs, grants and lineage • Delta Live Tables and data quality expectations
06	**Serving and production**	Synapse serverless and dedicated SQL pools • Incremental loads and change data capture • CI/CD with Azure DevOps, monitoring and cost control • Interview system design and portfolio review

Tools and stack

Python · SQL · Azure Data Factory · Azure Databricks · PySpark · Delta Lake · ADLS Gen2 · Unity Catalog · Azure Synapse · Azure DevOps

Projects you build

Company-style work you can explain in interviews

PROJECT 1

Metadata-driven ingestion with ADF

Pull from a transactional source into ADLS Gen2 with watermarks, handle late-arriving records, and prove reruns are idempotent.

PROJECT 2

Databricks medallion lakehouse

Build bronze, silver and gold Delta tables in PySpark with Auto Loader, quality gates and Unity Catalog permissions.

PROJECT 3

Serving layer and cost review

Serve the gold layer through Synapse for reporting, then cut its running cost and write up what you changed and why.

WHO IT'S FOR

Built for people who already work.

3-month live programme for working professionals (IT and non-IT) and people returning after a career gap.

Working IT professionals

Support, ETL, SQL and backend engineers who want to own data pipelines rather than tickets.

Non-IT professionals

Analysts, MIS, finance and operations people who already live in data and want an engineering role.

Returning after a career gap

Engineers and analysts coming back after a break who want a current Azure stack and help explaining the gap.

ELIGIBILITY 2+ years of work experience, IT or non-IT. Career breaks welcome.

How it works

From your first call to your offer letter

1	**Profile assessment**	We review your experience and goals and confirm this track fits you.
2	**Live training**	Instructor-led batches on weekday evenings and weekends, online or in our Bengaluru classroom.
3	**Projects and 1:1 mentoring**	Build the projects above with a mentor who reviews your work and unblocks you.
4	**Resume and LinkedIn rebuild**	Rewritten around your projects and the Azure Data Engineer role you are targeting.
5	**Unlimited mock interviews**	Technical and HR rounds with feedback after each one, until you are ready.
6	**Referrals and placement support**	Referrals to hiring partners, interview scheduling and offer negotiation help, until you are hired.

Included in your programme

Live batches
Weekday evenings and weekends

Online or classroom
Join live online or in HSR Layout, Bengaluru

1:1 mentoring
A mentor who knows your goal

Unlimited mock interviews
Technical and HR rounds

Resume + LinkedIn rebuild
Written for your target role

Referrals to hiring partners
Placement support until you're hired

OUTCOMES AND FEES

Most of your fee is paid only after you're placed.

15+	100+	80%	₹14L–₹35L
Learners placed every month	Hiring companies: MNCs, startups, product firms	Average salary hike	Target for Azure Data Engineers

Based on our placements to date. Target range for working professionals. Offers depend on your experience, skills and interviews; ranges are targets, not guarantees.

Choose your plan

All fees include GST

Training + placement — Learn the stack, then get placed — **₹3,50,000**

Placement only — Already skilled? Skip training — **₹3,20,000**

1

AT ENROLMENT

₹30,000

Training fee

Live batches, projects and 1:1 mentoring.

Placement only: ₹0

2

AT ENROLMENT

₹50,000

Placement token

Starts your resume rebuild, mock interviews and referrals.

Refundable

3

AFTER YOU'RE PLACED

₹2,70,000

Placement fee balance

Due only once you're placed.

Only when placed

Not placed within 3 months? We return your ₹50,000 token.

If we don't place you within **3 months of starting your resume**, your full **₹50,000 token is refunded**. The ₹2,70,000 balance is due only if you're placed. Full terms: stintacademy.com/fees/

You're placed

	With training	Placement only
At enrolment	₹80,000	₹50,000
After placement	₹2,70,000	₹2,70,000
Total you pay	**₹3,50,000**	**₹3,20,000**

Not placed within 3 months
